1. Purpose

This document presents findings referring to the tests done on the Application "D-Steimatzky". Steimatzky is the oldest and largest bookstore chain in Israel.

The tests were carried out on the main functions of the Application, which include operations such as navigation and displaying the menu, graphic design, proper functioning of placing an order, registering on the Application, reading information, working of the accessibility menu, and using various features.

2. Application Overview

The Application "D-Steimatzky" aims to be an online platform for Steimatzky, a renowned bookstore, to offer its products and services to customers in an efficient and user-friendly manner. The Application will allow users to browse, search, and purchase books, e-books, and other related products. It will also provide information about store locations, events, promotions, and user accounts for personalized experiences.

1. **Product Catalog:** The Application will provide a comprehensive catalog of books, e-books, enabling users to browse and search based on categories, authors, and genres. Each product will have detailed information, including a description, image, price, and availability status.
2. **User Registration and Accounts:** Customers can create accounts to access personalized features, such as wishlists, order history, and preferences. Social media integration will also allow users to sign up or log in conveniently.
3. **Shopping Cart and Checkout:** Users can add products to their shopping carts, review the cart, and proceed to checkout for payment and shipping information. The checkout process will be secure, supporting various payment methods.

4. **Store Locator:** The Application will include a store locator feature, enabling users to find nearby physical store locations, along with their addresses, contact details, and operating hours.
5. **Events and Promotions:** Steimatzky will showcase upcoming events, book signings, and promotions on the website, encouraging customer engagement and participation.
6. **Search and Filter:** Users can easily search for specific products using keywords and apply filters to refine their search results, facilitating efficient product discovery.

Testing Scope

1. In Scope:

The testing for the “D-Steimatzky” Application focused on evaluating various important areas, such as:

- User registration and login process
- Product browsing, filtering, and sorting
- Managing products in the cart and wishlist
- Search functionality and navigation of The Application
- GUI and Usability testing

2. Out of Scope:

Testing for the “D-Steimatzky” application excluded certain areas such as:

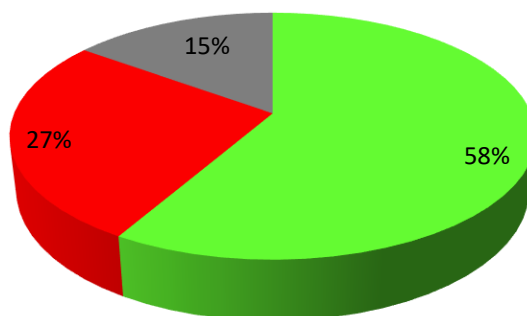

- Load Testing
- Survival and Recovery Testing
- Performance Testing

Metrics

Test Cases – Status

Passed	Failed	Not Run	Total
35	16	9	60

Test - Cases Status

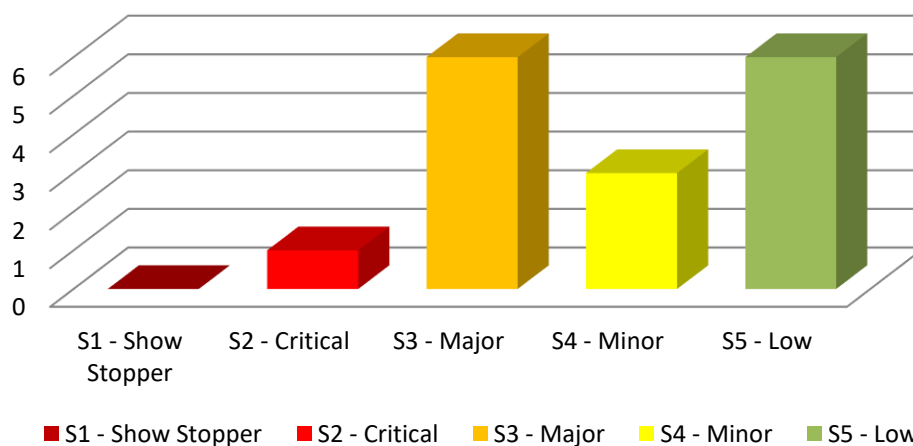

■ Passed ■ Failed ■ Not Run

Severity Bugs – Status

S3 - Major	3	0	3	0	6
S4 - Minor	2	1	0	0	3
Low	3	3	0	0	6
Total	8	4	3	1	16

Defect Distribution - Module Wise

■ Functionality ■ GUI ■ Accessibility ■ Performance

Types of testing performed

Smoke Testing:

- Checked Homepage
- Verified search functionality
- Tested add-to-cart and checkout processes
- Verified that the user registration and login functions are working

GUI (Graphical User Interface):

- Application layout and design.
- Verified that all buttons, link, menus, are functional.
- Verified that The Application colors, font sizes, and styles are consistent.

Usability Testing:

- How easy it is to navigate through the Application. The placement of menus, categories, search bars
- How well the Application content is organized and presented, and how it relates to the user's needs.
- How well the Application meets the user's needs and expectations in overall.

Accessibility Testing:

- Options for disable people
- Color contrast
- Text readability
- Keyboard navigation

Test Environment

Phone	Samsung Galaxy A52
OS	Android 13

Recommendations

- **Improve Accessibility.**
- **Improving the loading time of the pages.**
- **Add Refresh Button there is no option to refresh the pages.**
- **Implementing a Night Mode feature in the application. Night Mode will enable users to switch to a darker color scheme, reducing eye strain and enhancing readability during low-light conditions.**
- **Add English language.**

Conclusions

After conducting various tests on the “D-Steimatzky” Application, Most of them have a degree of severity between low and Major. So, despite the relatively large amount of bugs, the Application still functions Reasonably well and performs its main functions, However, I would like to draw attention to the bugs that were found that they be fixed to increase customer satisfaction and thereby increase sales volume. As a result, I recommend releasing the Application.

Bugs List

[STEIM-16](#) - favorite Button Not Working Properly

[STEIM-15](#) - Text is Cut On "הספרים שלי" Page

[STEIM-14](#) - Menu Is Cut On "ארונות הספרים" Page
